LOCAL BREEDERS ENTER CATTLE IN CALG. STOCK SHOW

Didsbury district cattle breeders have a number of animals entered in the Calgary Spring Bull Sale which is being held at the exhibition grounds this week, March 17 to 21, and from reports the stock entered from this district is probably the best that has ever been entered from this part of Alberta.

Following is a partial list of the bulls entered from the district:

Shorthorn Bulls—Burns Bros., Didsbury; Roy L. Gale, Didsbury; and Abe Snyder, Didsbury.

Hereford Bulls—A.C. Brander, Didsbury; N.S. Charlton, Carstairs; Gordon Ford, Didsbury; Hugh Francis, Carstairs; John Francis, Carstairs; Fred G. Goetjen, Carstairs; Hugh Bros., Didsbury; C.R. Kline, Didsbury; Ervin Kline, Didsbury; A.M. Robertson, Westcott; J.A. Robertson, Westcott.

Shorthorn Females—Chas. Pratt, Didsbury.

Hereford Females—N.S. Charlton, Carstairs; Henry E. Kline, Didsbury; A.M. Morris, Westcott.

FORTY YEARS AGO

March 22, 1907

A new post office is talked of over the Little Red Deer river to be called Elkton.

Mr. W.H. McFarlane of the Little Red Deer, and Mr. Hein of Ghost Pine were in town Tuesday.

The price of cattle is rising and ranchers are now getting 4½ cents a pound on the hoof.

A. McNaughton, sec-treas. of L.D. 15-5 reports that the tax rate for 1907 will be 5 cents per acre.

The Edmonton Bulletin printing plant was completely destroyed by fire Sunday morning. Loss was \$45,000.

A.A. Brooke left this week for Salmon Arm, B.C., where he will reside in the future.

YOUR DONATION TO RED CROSS CAN BE MADE IN DIDSBURY

The local Red Cross campaign to aid the Dominion organization in reaching its \$5,000,000 objective, is now under way and while roads have made it impossible to canvass in the country, provision has been made for country people to leave their donations at almost any business place in town.

To date no estimate of the amount collected in Didsbury is available, but next week the "Pioneer" will commence publication of the list of donors.

Last Saturday some of the ladies received collections at various stores in town, in an effort to ease the burden of house-to-house canvassing in the country and many subscribers to the cause handed in their donations.

If you have not already made your Red Cross donation do so as soon as possible, so that the local campaign can be completed by the end of the month. The cause is a worthy one and your generous donation will aid in carrying on the work of the Red Cross Society during 1917.

DIDSBURY HOSPITAL BIRTHS

Born to Mr. and Mrs. J.G. Klinghorn on Wednesday, March 12, a girl.

To Mr. and Mrs. Ward Sherrick on Saturday, March 15, a boy.

To Mr. and Mrs. D. Herbert on Saturday, March 15, a boy.

To Mr. and Mrs. Joe Rindal on Sunday, March 16, a boy.

WORLD'S WATER SPEED RECORD BID WITH JET BOAT

Sir Malcolm Campbell, Britain's water speed ace, hopes soon to make an attempt on his own world water speed record of 141.74 miles per hour in a re-designed "Bluebird."

This new jet-propelled boat is powered by a deHavilland Goblin 11 gas turbine engine. An exact scale model of his motor boat is being used in wind tunnel tests at the Fairley Aviation Company's works in Middlesex near London.

The "Bluebird" with its 5,000 horse power jet engine is nearing completion at Portsmouth and it is expected to reach 170 miles per hour.

The picture shows Sir Malcolm with a scale model of the "Bluebird."

LUTHERAN YOUNG PEOPLE FORM WALTHER LEAGUE

On March 4th the young people of Redeemer Lutheran Church, Didsbury, Rev. E.B. Fox, Pastor, organized a Walther League Society in conformity with the International Walther League. The newly accepted constitution was signed by 17 members. The aim of this society is to foster the work of the Church, to promote loyalty to the Christian home, and to provide Christian love and fellowship.

Officers for the newly formed society are Karl Reese, president, and Walter Artman, sec-treas. Meetings are being held every first and third Tuesday at the homes of the members.

To celebrate the organization of the society a sleighing party was held at Cook's hill on Tuesday, March 11. From the shrieks as the toboggans raced down the hill, and the smiles on the faces throughout the evening, it was self-evident that all had an excellent time. About 24 young people were present. The evening was topped off with winners, buns and coffee on the brow of the hill.

MONS CHAPTER I.O.D.E. FASHION SHOW MARCH 24

Mons Chapter I.O.D.E. is sponsoring a fashion show to be held in the Didsbury Opera Theatre on Monday, March 24th, when local cloth stores will display their new spring fashions which they have been receiving more abundantly this spring than for a number of years past.

The show will commence at 3:00 p.m. and during the afternoon tea will be served to those attending.

MT. VIEW BIBLE SCHOOL COMMENCEMENT PROGRAM

The Commencement activities of the Mountain View Bible School include the following public services to be held in the Didsbury M.B.C. Church:

Senior Night, conducted by the graduating class of 1917, Friday, March 21st, at 8 p.m.

Baccalaureate Service, Sunday, March 23rd. Service begins at 2:45 p.m. Rev. A. Hatzemehl, Bergen, Alberta, will be the speaker.

Commencement, Monday, March 24th, at 8 p.m. Address will be given by Rev. W.E. Manges of Elkhardt, Indiana.

Ministerial Convention, Tuesday, March 25th, beginning at 10:30 a.m. and closing at 4 p.m.

Night of Song, by the Bible School chorus under the direction of Mr. A. Koon, will be given Tuesday evening at 8 p.m.

The annual conference of the M.B.C. Church will be held from Wednesday to the following Sunday with public services each evening except Saturday.

FAREWELL PARTY FOR MR. AND MRS. P. NUSS

On Wednesday evening, February 26th a farewell party was held in the Siebertville school for Mr. and Mrs. Pete Nuss, who are leaving for the evening's entertainment consisted of games and contests, and a delicious lunch was served by the ladies.

On behalf of the community Wilbert Rieder presented the Nuss family with a lovely gift, for which they expressed their heartfelt appreciation.

Mr. and Mrs. Nuss are moving from Siebertville to their new farm home three miles east of Didsbury.

FAREWELL FEBRUARY 26 FOR MR. AND MRS. ED LIESEMER

After enjoying dinner with Mrs. H.M. Reiber on February 26th, Mr. and Mrs. Ed Liesemer were entertained at a farewell party held in the basement of the Evangelical Church. The evening ended with a dainty lunch and those present expressed regret at their leaving the district. On behalf of the church, Mr. E.N. Boettger and Mrs. E. Dipel presented Mr. and Mrs. Liesemer with a lovely gift.

REV. AND MRS. A. FREY CELEBRATE ANNIVERSARY

On Saturday evening, March 15, a large group of friends gathered at the Bible School to honor Rev. and Mrs. Frey on their silver wedding anniversary.

Students of the Bible School provided a short program of special music and songs. A lovely poem, written for the occasion by Mrs. E. Goudie, was read and enjoyed by everyone. At the close of the program Rev. and Mrs. Frey were presented with a lovely easel in a silver stand and containing a goodly sum of silver in twenty five cent pieces. Rev. and Mrs. Frey each gave a very fitting reply of appreciation and thanks.

Launch was then served, after which the friends dispersed wishing the couple many more years of happiness.

MELVIN NEWS NOTES

The "Little Red School House" in our district has been replaced by the "Little Red Bus," which is the way it is privately owned and not the property of the school unit. You can see the bright red van for miles and can practically set your time by it every morning. This week, however, it has had to keep to the east side of the Dog Pound, which is really in fact.

The March meeting of the 'Red Cross' was held at the Chandler home where a quilt was finished and the books for the Dresden Pine quilt handed in. Mrs. Krieger Sr. of Didsbury had made four quilt tops for us from scrap pieces out of our Red Cross box and we wish to express our appreciation for her lovely work.

On March 24th the Red Cross quilt drive will be held at the home of Mrs. E. Dupont.

Laure and Mrs. A.E. Krebs and Mr. and Mrs. E. Dupont motored to Calgary Wednesday evening of last week and took in the hockey game. Mr. and Mrs. E.E. Douglas visited at the Ross Youngs home enroute to Blue River, B.C., where they also visited to locate Mr. and Mrs. Ray also visited at their daughter's home on Friday.

Congratulations to Mr. and Mrs. Lawrence Krebs on the birth of twin boys Friday morning. Lawrence was one of our star baseball players so maybe this is the start of another baseball team.

Mrs. E. Lepard of Edmonton visited friends in the district over the week end.

Mr. and Mrs. H. Thompson of Buford visited at the Wollen home over the week end.

To Gus Olsen, who was married Friday, we wish to extend our very best wishes and welcome his bride to our community.

Ben Youngs has been staying at Ed Kline's the past week while Ed is away at the Bull Sale.

Donnie McNaughton came home from the hospital on Monday. How you're fine Donnie, and hurry back to school.

Congratulations to Mr. and Mrs. Doug Landeen on the birth of a

C.G.I.T. GROUPS HOLD SUPPER AND PROGRAM

The chicken supper and program held in the basement of Knox United Church last Wednesday evening, sponsored by the C.G.I.T. groups in Didsbury, proved a real success and a large crowd turned out to enjoy the excellent repast and the entertainment.

Following is the program that was put on in the church in the evening:

O Canada; Song, by the entire C.G.I.T. Skit, "Poor Joe," by piano Diet. "Two Guitars," by Joyce Bly and Pauline Bowman; Song, "Shattered Bread," by members of the Junior Group; Reading, "Father Cooks," by Winona Rouleau; Skit, "The Supreme Sacrifice," by the Senior Group; Reading, "Miss Amelia's Colored Loincloth," by Miss Willison; Play, "The Truth Telling Machine," by the Intermediate Group.

R. MCARTHUR SECRETARY OF MUN. HOSPITAL BOARD

At the regular meeting of the Didsbury Municipal Hospital Board, held on March 8th, Board members present were: T. Morris, J.V. Burns, J.H. Hoesgood, Thos. Dench and A. Robertson.

The new board members, Rupp, Hoesgood and Dench, who were elected for two-year terms, took the oath of office, and the following appointments were made:

Chairman, Thos. Morris; Vice-Chairman, A. Robertson; Secretary-Treasurer, Roy McArthur.

It will be noted that Roy McArthur replaces H. Lynch-Staunton who resigned as secretary-treasurer, and in future the secretary's office will be located in the hospital.

Collins & Collins were again appointed auditors for the year. After some discussion the Board decided to adopt the policy of the Drumheller hospital which provides holidays, sick leave and free hospitalization for the staff.

H. J. GOETJEN ELECTED TO M. D. MT. VIEW COUNCIL

Herbert J. Goetjen was elected as Councillor in Division 4 of the Municipal District of Mountain View No. 48 at the elections in this district held on Saturday, March 15th, when he defeated the returning Councillor and Reeve of the municipality, A.L. Hogg, by a majority of ten votes.

The official result of the vote will be disclosed by Returning Officer George Youngs at the Municipal office, Didsbury, on Wednesday noon, but it is not expected that there will be any change in the result of the election.

daughter, Sherry Lynn, on March 16.

Saturday was election day at the district level, rather a do-or-turnout—perhaps partly due to bad roads. Out of 224 names on the voters' list only 101 voted.

We hear that the Doronts have installed an electric lighting system at their home. Good going! It surely is a time and labor saver.

The Dog Pound river began to rise across the road in the flats west of Ross Youngs, and rose so rapidly that by afternoon it was difficult for cars to cross. A few were lucky to get through, others had to climb out in the middle of the water and dry spark plugs. Some high trucks didn't have much trouble but we hear that one man, taking his wife to hospital, was stalled for some time and was thoroughly wet and cold before he finally worked his way across.

The water spread over the road and broke up around the dog pound where it almost meets the water spreading from the foot of Ross' hill past the hall gate.

On Monday morning, March 18, Ross Youngs answered an SOS and pulled a car through the flood waters. Then, without the aid of lights, he carried five passengers on the tractor across the flooded flats to the bridge where another car was waiting for them.

On Monday morning, Ramold Johnston pulled several cars through with a team and wagon. By Monday afternoon the ice had broken up and drifted down, making it unsafe for further attempts to cross. Here's hoping it soon goes down—it's not far from the bottom of the hill.

We hear the road is flooded north of Artman's and also by the Melvin school house, making a detour in that direction impossible. McNaughton's had quite a trip to get Donnie home, having to go through Artman's field and also get pulled further up the road.

Spring Breaks Quickly After Five Months of Winter

DISTRICT MEETING

Canadian Oil dealers and service station operators attended a district meeting in Harold E. Oke's office last Tuesday evening and discussed problems of mutual interest. J. Rislow and E. Repp, Canadian Oil Co. representatives were present and educational pictures were shown.

At the close of the meeting those attending enjoyed lunch in the hotel dining room.

DIDSBURY A.T.A. LOCAL MEETING ON MARCH 8

The March 8th meeting of the Didsbury A.T.A. Sub-Local took place in the Didsbury High school with eight members present.

After the reading of the minutes and a short business meeting, an open forum was held, discussion being on the work of Division 2, with reports by its officers in the Junior and senior high schools. This discussion was ably led by Mrs. Booker and proved very interesting and helpful to all teachers present.

Mrs. Topley advised teachers of enterprise that much valuable reference material may be borrowed from the University Extension Library, Edmonton, Alberta.

Following a motion of adjournment of the meeting a delightful lunch was served by the Home Economics room. Hostesses were Miss C. Wood and Miss A. Earle.

The next meeting will be held Saturday, April 19th, in the Didsbury High school.

INVERNESS NOTES

A drizzling rain on March 13 and a heavy rain all night, which melted the 18 inches of snow which fell March 2nd, caused running water over and under the snow, making the roads difficult for travel of any kind.

The rain has settled the deep snow in the bush and made a few spots of bare ground around the spruce trees.

Balkan's saw mill is busy saving at the Berzen post office, and by the sound of the steam whistles and tractors in the bush quite a few saw mills are running. Andy Metzger, famous sawyer, is doing the saving for Tom Lemon.

Mr. Buschert has been helping Dave Weiss skid and haul logs. Tom Dalton has been helping Nels Schmidt in his logging operations.

Deer are still numerous according to the number of fresh tracks in the snow.

NOTES FROM THE WEST

The Elkton Willing Workers met at the home of Mrs. Gillis Sr. last Thursday with most of the members present. A baby quilt was tied, and this will be put with a baby's clothes to be sent overseas. It was decided to hold a whist drive at the home of Mrs. Gordon Betts, the date to be set later. The next meeting will be held at the home of Mrs. Luff, the 2nd Thursday in April. Mr. and Mrs. Campbell Sr. and Mr. and Mrs. Campbell Jr. visited at the Hogg home on Sunday evening.

Mr. Sissons of Clive spent the week end with his daughter, Mrs. H. Hoesgood.

Mr. and Mrs. Gordon Befus and Mr. and Mrs. Colin Hogg were Calgary visitors over the week end.

Mrs. L. Sonnenman is visiting her daughter Mrs. V. Burkholder, who is not well.

Mrs. A.L. Hogg was admitted to the Didsbury hospital on Monday.

Miss Gladys Lowrie, who was a patient in the Didsbury hospital for two weeks, was able to return to her home on Saturday.

Mrs. Reta Wilson of Cremona spent last week visiting her aunt, Mrs. Jesse Ray, and her sister, Mrs. A. A. Hagg, returning home on Saturday.

Congratulations to Mr. and Mrs. L. Krebs on the birth of twin boys.

Mr. O. Krebs visited with Mrs. A. McInnis on Friday afternoon.

Mr. Norman Hogg spent the week end at his home here, returning to Calgary on Sunday.

The road over the Dog Pound on the Blind Line was completely covered with water over the week end and Ross Youngs was kept busy pulling cars through with his tractor. On Sunday some cars went north to Johnston's corner, but on Monday his road was worse than the main one. We saw a jeep get through but the driver had to get out mid way and dry off the engine.

Following more than five months of winter the spring break-up came suddenly last Wednesday when rising temperatures began to melt the ice and the snow. To aid in the thaw rain set in Thursday afternoon and continued till Friday morning, and with temperatures daily reaching the 30 above mark most of the winter's snow has now disappeared leaving puddles of water everywhere.

Due to the sudden thaw and frozen culverts and drains many basements of town residents were flooded, and streets and roads have been a muddy mess in some sections of town and district. However with continued warm weather the streets are now drying up although it will be some time before the ice melts completely from northern exposures.

Country roads have been impassable except for main gravelled sections and with the frost gradually coming out of the ground it will be some time before country folks will be able to get around freely.

The Rosebud Creek has been running almost to overflowing its banks in places and water was flowing over the road opposite the hospital Sunday afternoon. The sloughs at the west end of town are gradually filling up and taking everything in to consideration, spring seems to be here.

NOTES FROM THE EAST

Mr. Fred Metz, who has been ill in the Didsbury hospital, returned home on Monday. We're sure glad to see you "up and around" again, Freddie.

Donald Thompson, who recently underwent a tonsil operation in Calgary, returned home on Wednesday feeling fine.

Mr. George Shields returned from Hanna last Wednesday just in time to share our lovely spring weather. George is really looking spry now, making the roads difficult for travel of any kind.

Mr. Dwayne Fobes was a business visitor in Calgary.

We are sorry to hear that Mrs. Joe Hunter, who recently returned home with a new baby, has now developed measles. Hope you're soon better again, Lorraine.

The party held at Poplar Creek school on Friday, March 14 proved to be a real success for everyone from seven to seventy. The evening was spent in playing whist and bingo, followed by a most interesting quiz. After supper a few hours of dancing made it a perfect evening.

The March meeting of the Lone Pine W.I. was held at the home of Mrs. H. Shields. The meeting opened with the singing of a song appropriate for St. Patrick's Day. Very little business was undertaken as only a few members were present, so bring your aprons, etc. again next month, ladies.

A bit of fun, conducted by Mrs. G. Huggard, was won by Mrs. Harold Shields. The ten cent draw was won by Mrs. Schumacher.

The next meeting will be held on April 9, at the home of Mrs. Bruce Shields. Roll call will be answered with a hand-painted (not dyed) egg. Those will be judged.

Following the W.I. meeting a shower was held for Jean Coates. Games and contests were played, these being won by Jean Coates and Winnie Bittner. A brides book caused amusement for all. The gifts were then presented to Jean in a white and peach decorated basket. She opened them and very nicely thanked all those present.

A very pleasant afternoon closed with the serving of a delightful lunch by the hostess, Mrs. H. Shields, very ably assisted by Mrs. Gordon Rathburn.

Mr. and Mrs. Walter McCulloch spent a few days in Calgary last week and we hear that a new bike is in store for Jessie on their next trip to the city.

Mrs. Elmer Wall, Ethel and Stanley were in the Neufeld home this past week.

Mr. and Mrs. Otto Bittner and family were Sunday guests with Mr. and Mrs. Walter McCulloch.

All the above trains are daily

WOMEN'S INSTITUTES ARE PRICE CONTROL CHAMPIONS

(By Edna Jacques)

Recently Canada has had high honours come to her through the little Ottawa-born Barbara Ann Scott who won the world's figure skating championship for her marvelous dexterity, skill and grace on the ice.

For nearly six years of price control and rationing, thousands of Canadian women have been cutting figures too—not on ice—but on something just about as tough and slippery as ice—INFLATION.

Who are these women you want to know?

Well, more than 70,000 of them are members of Women's Institutes of Canada. We have over 3,000 Institutes you know, and these seventy thousand are members of rural Institutes that stretch from Prince Edward Island on the East Coast, to Vancouver Island on the West coast—and every mile of Canadian soil between these two outposts of our Dominion.

Why are you giving them all the praise—other women want to know?

Because it is their 50th birthday

and a group of women that is 50 years old, deserves some kind of celebration.

It isn't only these Institute members we are praising for the way they've backed price control but thousands of other women who have worked faithfully to keep their budgets on a steady level, not only ensuring their own households from bankruptcy, but the nation as well.

The first women's Institute of the world began at Stone Creek, Ont. in 1897. From here it has spread around the world, to Australia, England, the United States, South Africa, Palestine, Denmark and many other countries.

They are all affiliated internationally—Practically all members of the Royal Family are ardent supporters of Women's Institutes. Queen Mary is a staunch supporter of the Institute at Sandringham. Both Queen Elizabeth and Princess Elizabeth are loyal members of Institutes.

The war record of the Institutes is a bright story in itself. They provided ambulances, mobile kitchens and canteens, station wagons and vast quantities of hospital and medical supplies, clothing and knitted

goods. Thousands of dollars worth of vegetable seeds were sent as gifts to British Institutes, and hundreds of tons of jams were made and sent overseas. Recognition of this work was given when two wartime presidents were mentioned in the King's Honours List.

The first objective of all Institutes is to raise the standard of home-making, promote educational, moral, social and economic measures, encourage community efforts, and share their simple creed is to help others and improve the life of both families and communities.

In line with Canada's post war activities, Canadian women everywhere are asked to uphold the new Government policy of gradual decontrol to support the policy of upward adjustments in prices as they occur, as this is necessary in order to get our prices more in line with world prices.

With world wide shortages of cotton, worsteds, oils and sugar, we must still keep an eye on ceiling prices while allowing a freer hand on controls to ensure production of manufactured goods, which have been slowed up considerably the past year by labour disputes, and other factors.

All that this adds up to is this—that the Government is still counting on the women of Canada to "hide their time" and give their continued support as they have loyally and faithfully done in the past.

And to every member of every women's Institute in Canada—Happy Birthday to you!

PARTY PLATFORMS

The Vancouver Sun, an independent paper is not always friendly to the Federal Liberal party but in commenting on the resolutions which were recently presented to the Prime Minister by the National Liberal Federation Advisory Council meeting it said: "Most of the Federation's ideas represent the progressive Liberal line on the problems of the day. An enumeration of some of the proposals leaves no doubt of their appeal. There is national health insurance, a contributory old age pension, extension of irrigation projects to reclaim land for production, development of the tourist industry, an enlarged immigration policy, and measures to improve the lot of the farmer. There is also the advice to abolish appeals to the Privy Council."

"It is a solid program; nothing in the realm of the flimsy or fanciful about it. For common sense and practicability, within the means of the free enterprise system to which Liberalism is committed, it will be hard to beat."

IN THE LEGISLATURE

(By H.G. Hummel)

The Debate on the Budget was the highlight of activities in the Alberta Legislature last week. Premier E.C. Manning brought down the last Budget to Alberta's history, exceeding \$47,000,000.

Considerable additional grants are seen in every department, with the Premier's address showing an overall increase of \$83,000,000 in the price value of agricultural products for last year. The only important decrease in agricultural production was a \$13,000,000 decrease in hog values. There were 1,700,000 fewer hogs marketed in Alberta last year than in 1944.

Livestock Feeder Associations last year interest more than 70,000 animals, valued in excess of \$1,000,000.

Treasury Branches now show deposits exceeding \$26,500,000, which was an increase of \$2,500,000 last year. The year's surplus on operations is \$65,295.

Value of natural resources produced showed an increase of \$12,000,000. More than 400,000 feet of wells were drilled last year, with \$8,500,000 spent by drilling companies.

There has been much talk of the Government having a \$10,000,000 surplus last year. Here are the facts: There was an overall surplus of \$10,310,861. Of this amount, more than \$2,000,000 was used to redeem savings certificates. \$18,000,000 was used to pay on treasury bills held by the Dominion Government; and twelve and one-third million dollars was used for debt retirement and adjustment payments arising out of our debts re-organization. This was partially offset by Accounts Payable of \$853,000, which left an overall deficit of \$2,982,799.76, which came out of the accumulated surpluses of past years.

It is not possible in the short space to deal with all aspects of the Budget, but I wish to deal with the treasury bills of the Province, and hope that at a later date I may deal in more detail with the debt re-organization programme.

The total indebtedness of our treasury bills is \$26,500,000, bearing 3% interest. This is made up of (a) Dominion advances for direct Provincial relief, \$10,585,000; and (b) Dominion advances for purposes other than relief, \$15,915,000. The Dominion Government agrees to cancel 50% of the relief bills, or \$5,292,500, and to charge no interest on the balance of the treasury bills for relief. The Province of Alberta will retire \$7,997,750 of non-relief interest bearing treasury bills. This will be paid by applying the award on natural resources made in 1935 by the Royal Commission. This award by the Royal Commission to Alberta was \$3,000,000 in 1930, at 5% interest for five years, and then interest at the same rate as the treasury bills. This award today amounts to \$7,997,750.

Our new position then is that our treasury bill debt will be reduced by \$13,292,500, and the balance owing will be \$13,207,500, of which \$5,292,500 will bear no interest and will be amortized over thirty years. The remaining \$7,915,000 will be amortized over thirty years, bearing interest at 2% per cent. The Province's annual cost, including principal and interest, will be \$547,000. The Province has been paying \$788,000 in interest alone on the treasury bill indebtedness. Our annual debt service charge on treasury bill will be reduced by \$241,000, and in thirty years there will be no debt.

Through the courtesy of the editor of this paper, I will give more details on certain aspects of the Budget next week.

The Debate on the Budget Speech was concluded by Premier Manning of Friday night last.

MORE HOGS—MORE BARLEY

To meet barley requirements in 1947 500,000 more acres will be required in Alberta. The greatest increase is expected on the mixed farms of central and northern Alberta and to meet the demand the Field Crops Branch of the Alberta Department of Agriculture is taking steps to ensure sufficient supplies of seed.

A.M. Wilson, Field Crops Commissioner, says that the growing of barley is likely to prove profitable this year. There is steadily increasing appreciation of its value as a competitive crop in the control of weeds, and for those who intend to increase their hog marketings a good supply of barley will be essential.

Farmers who need barley should try to obtain supplies locally. If unsuccessful they should apply to their District Agriculturist without delay. He knows where seed may be obtained, and can either put you in touch with a vendor in the district or will list your name and endeavor to meet your requirements.

DEAD BIRDS FALL AS TREES THAW

Weather played an unusual trick at Hastings in Sussex, England recently. Hundreds of dead birds fell from trees when a quick thaw toppled them from frozen perches.

WANT 10 MILLION POUNDS OF POULTRY

As a result of its negotiation with the British Ministry of Food and the Wartime Prices Board, the Special Products Board has increased its buying price for dressed poultry to one-half cent under the wholesale ceiling. The Special Product Board is prepared to purchase, until March 31, 1947, up to 10,000,000 pounds of dressed poultry. Broilers and high grades of chicken and fowl have been included under the new arrangement.

The British Ministry of Food is anxious to secure poultry from Canada. As Canadian poultry had such a good reputation on the British market before the war, it is important to the Canadian poultry industry that this reputation be maintained and that a sizeable quantity of poultry go forward while the opportunity exists, in order to pave the way for future contracts.

\$25,000.00
in CASH PRIZES
plus
120 MALTING BARLEY SEED AWARDS
OF 10 RUSHELS EACH

Another wonderful opportunity to win BIG CASH PRIZES, achieve outstanding recognition and become famous as a Champion Grower of Malting Barley. It's your chance to help Canada lead the world in growing malting barley. Every farmer in the recognized malting barley areas of Canada can enter and compete for these Cash Prizes and Seed Awards. Start planning now to plant malting barley this year. Secure seed early and be ready to enter the

SECOND ANNUAL

National Barley Contest

SPONSORED BY THE BREWING AND MALTING INDUSTRIES OF CANADA

For Farmers of Canada's Barley-Growing Areas

WESTERN CANADA DIVISION

Open to all farmers in the malting barley areas of Manitoba, Saskatchewan, Alberta and the Peace River block in British Columbia.

TOTAL CASH PRIZES - \$18,750.00

Plus 120 awards of 10-Bus. Reg'd Seed

(sensational new Montclair Barley)

FIRST PRIZE - \$1,000.00

Second Prize - \$500.00

3rd Prize - \$300 4th Prize - \$200

Above Are Interprovincial Prizes

ADDITIONAL CASH AWARDS:

12 Provincial Prizes 120 Regional Prizes

AND

120 10-Bus. Seed Awards

Eastern Canadian Division - \$6,250.00 Total Prizes

CANADA NEEDS MORE IMPROVED BARLEY

By encouraging the growing of improved quality seed malting barley the brewing and malting industries of Canada through this contest are contributing to the meeting of Canada's domestic needs and assuring successful re-entry of inter-provincial prizes in barley markets. Because Malting Barley is used in a wide range of products for home, farm, industry—in foods, drugs and general articles—it is playing an ever-increasing part in the industrial and economic life of Canada.

1946 COMPETITORS PLEASE NOTE: Full list of 1946 National Barley Contest winners will be published following the awarding of inter-provincial prizes at Manitoba Winter Fair, Brandon, Manitoba, Mar. 31st.

Editorial

THE IMPORTANCE OF INDUSTRY

It has been reported that there are now 14 saw mills operating in the Bergen district west of Didsbury and while some of these are small others are turning out around 10,000 feet of lumber per day. When it is considered that this natural lumber is netting the operator around \$35 per thousand feet it can be seen that the lumbering industry means considerable to this district, especially in the winter time when the mills usually operate to capacity.

Lumbering not only provides work for men in the bush cutting logs, and sawing up the lumber, but also provides work for local truckers, and in turn for nearly all classes of business in an indirect way.

We understand that there are large berths of timber west of Didsbury, and while these have been largely taken up and are being logged at the present time, there is room for expansion in the industry and if the market for this local lumber continues favorable we will no doubt see an increase in lumbering here in the next few years.

While lumbering is one industry now undergoing expansion, with mixed farming, stock raising and grain growing long established in the Didsbury district, we should have other industries if we are to eventually progress to the stage where we will have a much larger population, with work for everyone.

The community now contains a modern creamery with facilities for powdering milk, a flour mill, a feed mill, and a cheese factory is operating east of town, but there is an opportunity in this district for other manufacturing concerns.

Western Canada will eventually produce more manufactured goods than it does today. Branch factories will be established in western towns, and Didsbury is ideally located for some lines of manufactured goods. The time is coming when we will have to bid for these branch factories and make some concessions to have them established here. Possibly we are looking too far in the future, but industry is important to business expansion and the time may come when we will have to make advances to eastern manufacturers for branch factories. We ought to be prepared for this time long before it arrives.

TOTAL EDUCATION

Professor Louis Chatel, well known Canadian psychologist and faculty member of the Education Department of the University of Montreal, was a key speaker at sessions of the Moral Re-Armament Assembly at MacKinac Island.

Professor Chatel said that "total education" was the only way of bringing total victory out of total war and insuring a permanent peace. "If a child were only developed religiously it would produce a bigot. If it were only to develop intellectually, we would have a snob. If there was only physical education we would have a brute. Total education must unify all these points."

He pointed out that while the discovery of the atomic bomb was a product of the scientific departments of our universities, the answer must be produced in our education departments.

"Education," he said, "should aim at the formation of the whole man. As well as teaching people how to make a living it should also teach people how to live. The lack of this is the reason why our mental hospitals are so full. The education of the child should begin at the marriage of the parents or even 20 years before. The best guarantee of changing the world is creating an atmosphere of honesty. The thing that interested me so much in MRA was that they said that you begin with yourself. I have interviewed thousands of people and they all come to me and say, 'Change the other fellow.'"

Professor Chatel pointed out that under a democracy the family is responsible for the children. The state has not taken our children away from us yet, he said. To build into children the qualities necessary to make democracy work, Professor Chatel urged a greater emphasis on the teaching of moral standards. "Any history department could tell you that sexual decadence has been the forerunner of the ruin of nations."

In touching on his psychological and clinical work, Professor Chatel said: "Materialistic psychology has done nothing but show the need for a spiritual answer for the difficulties produced in our daily life."

TO UPHOLD CANADA'S HIGH QUALITY BACON

"Canadian bacon is a competitor of Denmark in quality. When in Denmark, the Danish officials and packing plant managers said that they received a report on Canada's bacon in England immediately after the war ended. The Danes were

very much worried and upset at the time, for they felt that Canada was not only a competitor of Denmark in quantity but now was a serious competitor for quality. It is a definite achievement when Canada can consider herself a competitor with Denmark in quality. Denmark is very careful of what she sends on the British market."

ZELLA NEWS ITEMS

Of interest to the people of Zella is the birth of a son on March 4th to Mr. and Mrs. Bill Harker of Cardston. Mrs. Harker (nee Lovell Woolford) was one of our former teachers for a year.

Mr. and Mrs. Jack Rindal of Red Deer were week end visitors at the home of Mr. and Mrs. Eddie Rindal. There will be a card party at the home of Mr. and Mrs. Wilbur Jahnke on March 21st. Your choice of whist and five hundred, and everybody is welcome.

Miss Jean Cogswell was a Calgary visitor for a couple of days.

Mr. G.A. Waldroff has been notified of the death of Mr. Willis Watson of Newington, Ont., in a traffic accident. Mr. Watson was a brother of the late Mrs. Waldroff.

TABLE SYRUPS NOW OFF RATION LIST

Table syrups came off the ration list on Monday, March 17, and the move will mean Canadian housewives will be able to stretch the sugar coupons further.

Under ration controls since September, 1943, corn syrup, cane syrup and blended table syrups now are freed because ample supplies of corn have become available this season. Price ceilings on the syrups will remain unchanged.

OUR BOARDING HOUSE

Well, that is straight goods, as Albert says—and here is one for J.V. that might boom up his trade.

When the weather got real cold Dave got another pair of socks out of his mystery trunk. He has in there one suit of clothes only worn eight times and bought in 1906; besides that he has store twine and packing string. If you want any of it to tie up your parcel to Europe, the charge is five cents. The rest in the trunk is coppers, nickels and dimes and old shoe strings, but boy, that trunk is heavy. We have to put it on rollers when we want to move it, or it scratches Mrs. Cummings' linoleum. Well, about the socks from J.V. Berch's—Dave paid one dollar a pair for them 24 years ago and they are all wool, too, pretty near up to his knees. Nothing wrong with them—a little thinner he claims, and will last another 10 years, but by a close look you can see some of Herman Hawkes' store twine in the heels and toes. And long after she came back this time with Mr. Geo. Law, and he had a real nice bundle of clothes in his arms. We of course could not figure

A few weeks ago, one cold Sunday night after visiting hours, Dr. Ruth Harvey came in and made arrangements for another patient. Not long after she came back this time with Mr. Geo. Law, and he had a real nice bundle of clothes in his arms. We of course could not figure

out all about this, nobody told us before. All we thought when we did find out was that this was not really a young ladies' boarding school, for the patient turned out to be a fair young lady from the east, and for two days she was pretty sick and we heard nothing but groans and moans and the whole gang walked on their toes and talked in whispers. Mrs. Cummings was sitting up with her for one night but after the third night she came out of the ether, and did she not get well quick. We were very sorry that she left us so soon, before she got acquainted with the gang, but George Law may have another lady patient for us soon. Ten days later, when the time was ripe according to Mrs. Cummings, everybody was looking for measles.

Albert Spragg has the spring fever—he wintered extra good and is kicking up his heels. His excursions are getting longer all the time and it will not be long till he is jumping the corral like Frank Heaton's deer out west, but it will only be a short grazing in the wild and woolly east and we will see him back at Grandma Cummings' for he likes her grub too well. That may happen to you too, Frank. You will have your darling little deer feeding on you all next summer. Dave feels his oats too. He makes lots of monkeyshines around the outfit and feels too good. Best winter he ever put in, he claims, but he has more experience, being 84 years old and Albert only 74 years old. He ran away different times before, when spring fever got him, but he is barnyard broken now and stays with Mamma's good grub, and there is plenty of it.

I do not want to blow but Albert gained about 30 pounds, if I am a good livestock guesser.

BERGEN NEWS NOTES

Mr. and Mrs. Harvey Toews are working at the Scharnier mill. Mrs. Toews is a daughter of John Scharnier Jr.

Mr. and Mrs. John Scharnier Sr. and Rosella, their youngest daughter, from the Peace River country, visited the mill a few days ago. Mr. Scharnier ran the flour mill at Sunnyslope some years ago.

Mrs. Paul Baerg has gone home to stay.

Florence Scharnier, daughter of John Scharnier Jr., is a missionary to Mexico.

Two boat loads of the Baerg-Scharnier mill, each boat drawn by a tractor, visited the Paul Toews' mill on Sunday.

Paul Baerg and Toby Scharnier have each seen 10,000 feet of lumber in one day. They are nearing the half million ft. goal before they shut down for the spring.

Mr. and Mrs. Jack Davies have left the saw mill for other duties. Dave Ratslaff and wife were out to Swallow on a short visit.

Trygve Halvorsen is hauling his ice from Bergen. Many of the cream haulers get their ice from the Dog Pound.

The Bergen store is changing ownership. Mrs. Thora Mjølness will be the new owner.

Mrs. Esther Clemens will visit her sister, Lorena, in Washington and then make her home in Edmonton.

Ralph Fuller of Carbon has been cooking at the Haug saw mill. He is an uncle to Ned Fuller, who was out here last summer.

BURNSIDE NEWS NOTES

Mr. and Mrs. Joe Clarke visited last Wednesday with Mrs. B. Wood. Jack Boulton of Calgary visited recently with his niece Mrs. Bob McCulloch.

Mr. and Mrs. Howard Charlton visited last Sunday with the latter's sister, Mrs. Ivor Weber.

Spring is on the way. So is Pat Coates grain cleaning machine. He is making the rounds cleaning seed for the farmers to sow as soon as the land is ready.

Mr. and Mrs. Walter McCulloch spent last Thursday in Calgary. Otto Bittner has sold his property, known as the Harry Pearson farm, to Harold Shells.

Pat Sprague's little daughter Mary is a patient in the Didsbury hospital.

Sandy Brander took a load of bulls to the Calgary spring sale and is attending the big show this week.

Dave Hughes had the misfortune to injure his foot when it became entangled in the power take-off of a grain cleaner at the Ahlgrim farm last week.

Bill Schumaker was helping out at the Weber farm.

Grenville McCaig will move this spring to his father's farm.

We noticed while going to town Saturday that the Rosebud Creek had begun to flow—so have our roads. We hope the spring weather is here to stay.

Congratulations to Mr. and Mrs. Godfrey Tunasay, late of this district and now of Irianca, on the birth of a daughter, Darlene Rose, on March 2.

Mr. and Mrs. Robert Eckel were Sunday guests at the home of Mr. and Mrs. H. Charlton.

Vigo Torpe has moved into his new home on Pete Liesener's farm. Geo. Long is acting the Good Samaritan while Sandy Brander is attending the Calgary Bull Sale.

Mr. and Mrs. Jack Underhay are moving to the "Flats." Happy landing to our new residents.

YOU PAY THE SAME for Counter Check Books, whether you order them from a salesman, or from The Didsbury Pioneer. Buy at home and support local industry.

WESTCOTT NEWS NOTES

A miscellaneous shower was held last Tuesday afternoon at the home of Mrs. Herbert Goetjen in honor of Miss Emma Luft who will be married shortly. Before the gifts were opened the ladies did a little concentrating in two contests, Mrs. Jack Robertson being the winner of both. Miss Ethel Bogner assisted Miss Luft in the unwrapping of the many lovely gifts and Emma thanked all the ladies individually.

In closing, the gathering sang "For She's A Jolly Good Fellow." Lunch was then served by the hostess assisted by Mrs. Bob Dubois and Mrs. Adolph Baudistel.

Mrs. Earl Klinek accompanied her daughter Buehla to Calgary last week where Buehla is having dental work done.

Mrs. O.T. Swanby and son, Tom, were Calgary visitors over the week end where they went to visit Mrs. Swanby's parents. We are sorry to hear of the illness of her father and hope his health will be soon improved.

Many of our residents are in Calgary this week attending the Bull Sale.

We who are situated near the Dog Pound creek are anxiously watching the water as it steadily rises and floods the surrounding fields. We can't help but feel the anxiety of those living right by it, and stock is being moved to higher ground.

The noise the creek makes as the ice bangs around and speeds down its course sounds like a mighty fall. We'll be glad when all is serene and normal again.

Mrs. Jack Robertson was hostess to several ladies of the community and the Women's Institute to a "Welcoming" to Mrs. Fred Topping, an English war bride. The ladies presented Mrs. Topping with many lovely gifts and as each was opened the donor made her wish for her happiness in our country.

Mother—I've told you several times, dear, to put your hand over your mouth when you speak. I got bit the last time I tried it.

CARD OF THANKS

I wish to thank the electors for the support given me at the Municipal elections on March 15, and to express my appreciation to the ratepayers who have aided in municipal work during the 19 years I have been on the Council.

**KEEP
DOWN
THE
COST PER ACRE**

**FILL UP WITH
clean, long-lasting
MARVELUBE**

▶ The oil you use in your tractor is your insurance against breakdowns, delays and costly repair bills. Using the right grade of the right oil will definitely keep down your cost per acre.

That is why we recommend MARVELUBE Motor Oil. It is recognized as Canada's leading motor oil—used in more farm machines and motor cars than any other oil you can buy.

Why take a chance on inferior quality when you can use the leader at no extra cost? Fill up with tough, long-lasting MARVELUBE and your engine will stay clean longer and free from damaging deposits. You'll save money in the long run by using MARVELUBE, Canada's favorite motor oil.

MARVELUBE
IMPERIAL OIL LIMITED

THE MONTH AT OTTAWA

(By F.D. Shaw, M.P.)

Parliament has concluded its first month of deliberation. Indeed, progress has been slow. Indications are that prorogation cannot come before mid-summer. Common corridor gossip centres around a possible 1947 general election. However, no individual member and no party, as such, has displayed any enthusiasm about this prospect. Want-of-confidence motions might suggest that some party would welcome an election. The fact is that such motions merely reflect a certain political aggressiveness. Prorogation provides an excellent opportunity for the discussion of individual party programmes. Considerable "fence fixing" is necessary before any party can face the electorate with confidence. It cannot be overlooked, however, that the Government majority is very small. Defeat on any major issue would undoubtedly precipitate an immediate election.

REDISTRIBUTION

Redistribution of federal ridings is presently under way. A special parliamentary committee has been charged with the responsibility of determining a new constituency boundaries. In the past redistribution has always resulted in grief for the sitting member. Electoral districts have been torn apart to create new ones. Some have been enlarged to take in districts notoriously unsympathetic to the member. The result was usually gerrymandering to suit selfish political interests. The present redistribution is different in kind and degree from any ever undertaken in Canada. The whole basic scheme is completely changed. Some provinces will gain seats and some will lose. The overall increase in membership will be ten. Alberta which has seventeen members will not gain or lose. Indications are that only minor changes will be made in our province this year. Wetaskiwin has about ten thousand more people than the quota. Acadia has approximately nineteen thousand less. Action may be taken to correct these conditions. This might involve shifts affecting only Wetaskiwin, Camrose and Acadia. However, "shifting" might affect all constituencies east and south of Calgary, but only to a minor degree. Red Deer will undoubtedly remain exactly the same.

CONTROLS

The battle of the controls, soon to commence in Parliament, will be fierce. Government policy revolves about a process of balancing supply against demand by long-term controls. The Progressive-Conservative position suggests opposition to a control policy. The C.C.F. have indicated the desirability for the continuation of controls operated as part of a "planned economy." Social Crediters have taken a stand against blanket control measures but they have displayed a willingness to support those controls proven beyond a doubt to be essential to public welfare. Most controls imposed during wartime resulted from Orders-in-Council. The purpose now is to incorporate in legislation those controls believed by the Government to be necessary. The control debate will be lengthy and bitter.

WHEAT BOARD

Heated debate centred around the Amendment to the Canadian Wheat Board Act. This Amendment gave to the Government authority to regulate international and export trade in wheat, to establish a floor price on wheat of \$1.35 per bushel with participation certificates payable after July 31, 1950, and to deal in grain other than wheat. Chief opposition to Government policy was failure to guarantee a higher floor price, failure to guarantee purchase of all wheat grown in each crop year, and refusal to redeem participation certificates at the end of each crop year. Opposition parties seemed to stand together in their criticism of proposed policy.

BUDGET

Also of major importance is the coming budget. This will be Finance Minister Abbott's first. Two problems face the Government. The first is general dissatisfaction over existing high rates of taxation and the second is to find the funds to meet fixed commitments which are four times higher than the 1939 level. Budget proposals are carefully guarded secrets. The estimates which have been tabled and the suggested budget surplus lead most members to believe that income taxes may be reduced by 30%, certain nuisance taxes removed and indirect taxation cut materially. It is interesting to note that government members as well as opposition members have been loud in their demands for tax relief. This unanimity of purpose usually brings results. The budget is expected to be brought down before May.

NEW HEDGE TRIMMING MACHINE

A new hedge trimming machine which will trim half a mile of hedge in one hour has been demonstrated by a London firm. The operator will have an easy time with this Baker-Hunt machine. It can cut horizontally across the top of the hedge and if necessary reach over and trim the far side. It can also operate across ditch banks.

FARMERS BIG LOSSES WARBLE GRUBS CAUSE

Warble or heel flies cause a yearly loss to farmers in Canada in the production of dairy products, beef and hides for leather, of many millions of dollars. It has been estimated that the activities of the flies when egg laying, and the injurious effects of the grubs in the flesh of animals, cause, in cases of heavy infestations, as much as a 25 per cent reduction in the yield of milk and 10 per cent in beef production. These losses can be avoided by inexpensive methods of control. Apart from the loss of milk, beef and leather these days are particularly serious when more of these products are wanted both in Canada and other countries.

The best method of control of warble flies is to destroy the grubs after they reach the bodies of the animals. This can be done by the application of a wash containing rotenone. Three applications of the wash should be applied, the first in mid-February in British Columbia, and the third week in March in the other eight provinces. Second and third treatments should be given at 30-day intervals. The wash may be given either by hand or by power sprayer. If the latter is used not less than 400 pounds pressure is necessary. Incidentally, orders for power sprayers wanted in 1948 should be placed now.

BARLEY CONTEST RENEWED IN 1947

Continuation of the National Barley Contest in 1947 was announced February 21st on behalf of the brewing and milling industries at a meeting of the National Barley and Linseed Flax Committee in Winnipeg.

As in 1946 this year's contest will carry cash prizes of at least \$25,000, plus allotments of malting barley seed to successful contestants.

The cash awards will again be on a regional, provincial or inter-provincial basis. Interprovincial awards for the 1946 contest are still to be made and winners of the four cash prizes of \$1,000, \$500, \$300 and \$200, will be announced April 1st at the Manitoba Winter Fair at Brandon.

Rules and regulations of the 1947 contest will be substantially the same as last year. They will be made available within 10 days or two weeks to prospective contestants.

Renewal of the contest in 1947 is only part of a more comprehensive plan to try and produce a grade of barley which will give Canadian agriculture the front place it already has in the world of wheat with No. 1 Northern.

\$4,000,000 HIGHWAY PAVING PROGRAM, IN 1947

Hard surfacing of Alberta highways this year will mean an expenditure of \$4,000,000, according to estimates tabled in the legislature when the 1947-48 budget was brought down.

The vote includes \$8,800,000 for main highways, which means many improvements in different parts of the province. The total vote of \$13,000,000 for public works includes large appropriations for municipal, district and secondary highways, bridges and ferries.

Officials of the Alberta Motor Association welcomed the announcement of the government's greatly expanded road program.

This organization has urged for many years that all monies collected by the province in motor licenses and gasoline tax should be specifically spent on highway construction and maintenance. It appears from the budget that this year the program means that the province plans to exceed motor revenues by its increased outlays on public works, mostly roads.

One of the big projects for the 1947 program will be the hard surfacing of the highway leading from Coult on the U.S. border, to Lethbridge. This alone will cost \$1,000,000.

AT THE FLEMING HALL AT 2:00 P.M.**

MOST OF US DON'T KNOW

Hardly anyone—not even the publisher—knows how important a newspaper is to a community.

The smaller the town, the more important the newspaper is in its economic life. Its news, editorials and feature stories focus the interest of surrounding territory on the place in which the paper is published.

This force and the force of advertisements by local merchants build an ever-widening trade area. This means more business, more money for schools, homes and churches—a bigger and better town.

A town with a newspaper is a town with a future. The better the paper, the brighter the future.

It deserves the support of every business man in that town.

We are trying to make this paper worthy of our town. Your help and suggestions are appreciated.

In renewing his subscription to the "Pioneer" Ellis Barnes writes from Tacoma, Wash., that he is still interested in Didsbury and district and appreciates the local paper.

Spring has arrived in Tacoma with the leaves on trees turning green and the daffodils in bloom. Ellis says that with the morning concert of the birds and the frogs at night it reminds him that the

fishery season is here again—and if he remembers correctly Didsbury has some expert fishermen.

The monthly meeting of the Didsbury Branch of the Canadian Legion will be held in the Lions hall on Wednesday evening, March 26. Each member is requested to try and bring a recruit who does not regularly attend.

LOCAL NEWS

The Ladies Auxiliary to the Canadian Legion will hold their regular monthly meeting in the Masonic banquet room on Wednesday evening, March 26th.

Cameron Wordie is nursing a badly sprained hand. We understand he unconsciously took a swing at Conrad Platz, but Conrad ducked and the blow sidestepped his head. Being of solid structure the head withstood the blow without mishap—but not the hand.

Rev. C.J. Hallman was a business visitor to Edmonton the first of the week.

Mr. and Mrs. C. Ramsay of Calgary spent the week end with the latter's parents, Mr. and Mrs. Geo. Smith. Mr. Ramsay is employed by the Calgary Albertan.

An executive meeting of the Ladies Auxiliary to the Canadian Legion will be held at the home of Mrs. Freeman on Saturday afternoon, March 22, at 3 p.m.

Jim Caithness skipped a rink in the Calgary Curling Club annual invitation bonspiel last week. Other members of the rink were Hon. Sinclair, Fred Evans and Ernie Clarke and the Didsbury rink played three games, winning one and losing two.

Tony Garceau returned Thursday from Winnipeg where he spent the winter in a logging camp.

Guy Severns, who is at present working in Calgary, was home for the week end.

Miss Grace Ranton of Edmonton spent the week end with her parents, Mr. and Mrs. E.G. Ranton.

Miss Mary Coyne visited Sunday with her sister at Sieberville.

Curling and skating in Didsbury has come to an end for the season due to the mild weather.

H. Lynch-Staunton spent Monday in Edmonton.

Mr. and Mrs. Earl Brinton were week end visitors in Calgary.

—See Berscht's Display at the I.O. D.E. Fashion Show on Monday, March 24th, from 3:30 to 5 p.m.

Mrs. A.B. Dyck, a resident of the Didsbury district since 1900, was rushed to the Holy Cross Hospital in Calgary early Tuesday morning and underwent an emergency operation.

—Redecorate with Trimz Walk paper. Washable, fadeproof, ready-pasted.—Builders' Hardware.

Mr. and Mrs. Sandy Foote of Lacombe were Didsbury visitors the first part of the week.

The robins are back with us again and reports are that the ducks and geese are returning from the south.

Spring must be here. B. Brower brought the first crop of corn of the season to the Pioneer office Tuesday morning. This herald of spring was shot by Les LeGrand near the elevators.

The Junior W.A. of Knox United Church will meet at the home of Mrs. Dale Kimmel next Monday, March 24th, at 8 p.m.

Mr. and Mrs. Albert Schneidmiller who have purchased the "Bright Spot" from Charlie Stockburger, have been busy the past week cleaning, painting and making alterations to the premises, and they expect to open up for business this Thursday. A new electric range has been added to the equipment and an air conditioning fan has been installed to provide more comfort for patrons.

And Meet Your Friends

BARLEY, OAT PRICES RAISED

Seeking to stimulate the growing of securely-needed feed grains, the government Monday announced a revised price policy which will bring greater financial returns to producers of oats and barley at no additional cost to those who need them for production of livestock and dairy products.

The changes, announced in the Commons by Agriculture Minister Gardiner, became effective Tuesday and are aimed at overcoming a shortage which has been holding back increased output of meats

dairy products, poultry and eggs. The price ceiling on barley is being boosted to 83 cents a bushel from the present rate of 64½ cents while the ceiling on oats is being lifted to 65 cents from 51½ cents a bushel. The barley support, or floor price will be advanced from 56 to 90 cents and the oats support price from 40 to 61½ cents.

At the same time, the system of advance equalization payments, through which producers receive an additional payment above ceiling rates, will be discontinued and the Canadian Wheat Board will buy all oats and barley offered to it at the

new support prices. These support prices will remain effective until July 31, 1948. The effect of these changes will be overall increases for barley products of approximately 10 to 13 cents a bushel and for oats producers of "several" cents on the better grades.

To keep the prices to feed users at or near their present rates, the government is instituting subsidy payments to feeders of 25c a bushel for oats. These will be similar to the present 25-cent payment on wheat purchased for feeding purposes.
